Marc Allen

Marc Allen has discovered, through trial and error, a definite, specific, proven set of principles that, if followed, can help us live the life of our dreams, doing what we love to do, while adhering to compassionate, conscious values.

That is exactly what this Course shows us how to do. It works for anyone who is willing to commit to the program — to study it, to plan, and to act on that plan. This Course not only puts you on the right track philosophically and psychologically, it goes on to give you the real tools — the business plan, the vocabulary, even resources for financing — that you'll need to complete the job. This is not simply a set of motivational ideas, it is precisely what the subtitle of the book says it is: a visionary plan for creating the life of your dreams.
