Critical Thinking - How to Improve Your Decision-Making Skills (HRDQ Skills Development) Kate Ward

To keep up with the speed of business in today's competitive environment, you need to act faster, get smarter, and be able to think on your feet. And that means you need a well-developed set of critical thinking skills.

But what's so important about critical thinking? People who excel at critical thinking are better able to understand the issues at hand, evaluate evidence, make rational decisions, and work efficiently with others. And that's not all. A recent survey of executives ranked critical thinking as the #1 workplace competency, and the United States Department of Labor has labeled it as the foundation for key personal and workplace skills such as problem solving, decision making, creativity, and strategic planning.

Critical Thinking Skills is the primer that will help you to hone your skills. Filled with tips, techniques, and activities that will exercise your mind, this e-book will leave you well-equipped to find solutions to tricky problems, avoid emotional thinking, and work with others more effectively.
