Small Is Beautiful, 25th Anniversary Edition: Economics As If People Mattered: 25 Years Later . . . With Commentaries E. F. Schumacher

Small is Beautiful is the perfect antidote to the economics of globalization. As relevant today as when it was first published, this is a landmark set of essays on humanistic economics. This 25th anniversary edition brings Schumacher's ideas into focus for the end-of-the-century by adding commentaries by contemporary thinkers who have been influenced by Schumacher. They analyze the impact of his philosophy on current political and economic thought. Small is Beautiful is the classic of common-sense economics upon which many recent trends in our society are founded. This is economics from the heart rather than from just the bottom line.
