BBW biologist + bear shifter pilot + huddling for warmth in the wilderness = one blazing-hot story!

Wildlife biologist April has given up on love. She's curvy, stubborn, and wears jeans and boots instead of skirts. If that wasn't bad enough, her job takes her all over the North American continent. What man would want that?

Hunky bush pilot Nathan has spent his whole life hiding his true polar bear shifter nature. But when gorgeous April walks into his life, his bear wants to rise up and claim his mate. Unfortunately, all April wants is a pilot to fly her across the Canadian tundra to count polar bears. But Nathan's touch sets her on fire ...

After their plane goes down in the wilderness, the two give in to their red-hot passion. But can their love survive April's discovery of Nathan's secret? And when they get back to civilization, can the bear and the girl who loves bears find their happily ever after?
