COMPUTER APPLICATIONS FOR REAL ESTATE (California Real Estate) Ed Culbertson

Written for real estate professionals and those planning to become one, this book helps individuals conquer the world of contemporary technology as it relates to the real estate industry. Unlike most computer books, the author has had first-hand experience as a real estate professional. Consequently, the approach is not technical. Instead, the book takes existing computer concepts, using familiar software programs and applications such as PowerPoint, email and the Internet, and demonstrates how they can be applied to real estate. This will help readers improve their productivity as a contemporary real estate professional.
