Imagine living with no boundaries between this dimension and other dimensions. For some it's not simply a daydream or fantasy, but their reality. They experience life with no veils, no secrets and greater possibilities than one could ever imagine within our current realm of existence. The stories contained in this book tell of people born with or given special abilities and often labeled freaks. They must decide if they will embrace their talents and put them to use or deny them, keeping their gifts hidden. With one foot in the physical world and one in the spiritual, they must learn to deal with the phenomenon of the paranormal; not always because they want to but because they have to.
