Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence)

Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence)

Multimedia services involve processing, transmission and retrieval of multiple forms of information. Multimedia services have gained momentum in the past few years due to the easy availability of computing power and storage media. Society is demanding human-like intelligent behaviour, such as adaptation and generalization, from machines every day. With this view in mind, researchers are working on fusing intelligent paradigms such as artificial neural networks, swarm intelligence, artificial immune systems, evolutionary computing and multiagents with multimedia services. Artificial neural networks use neurons, interconnected using various schemes, for fusing learning in multimedia-based systems. Evolutionary computing techniques are used in tasks such as optimization. Typical multiagent systems are based on Belief-Desire-Intention model and act on behalf of the users. Typical examples of intelligent multimedia services include digital libraries, e-learning and teaching, e-government, e-commerce, e-entertainment, e-health and e-legal services. This book includes 15 chapters on advanced tools and methodologies pertaining to the multimedia services. The authors and reviewers have contributed immensely to this research-oriented book. We believe that this research volume will be valuable to professors, researchers and students of all disciplines, such as computer science, engineering and management. We express our sincere thanks to Springer-Verlag for their wonderful editorial support.

From reader reviews:

Michelle Johnson:

The book Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) can give more knowledge and also the precise product information about everything you want. So just why must we leave the best thing like a book Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence)? A few of you have a different opinion about guide. But one aim this book can give many info for us. It is absolutely right. Right now, try to closer using your book. Knowledge or info that you take for that, you can give for each other; you are able to share all of these. Book Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) has simple shape but you know: it has great and big function for you. You can seem the enormous world by open and read a publication. So it is very wonderful.

Peggy Witzel:

The book untitled Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) is the e-book that recommended to you to learn. You can see the quality of the publication content that will be shown to an individual. The language that publisher use to explained their ideas are easily to understand. The article author was did a lot of study when write the book, and so the information that they share to you is absolutely accurate. You also could possibly get the e-book of Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) from the publisher to make you much more enjoy free time.

Stanley Rivas:

Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) can be one of your beginning books that are good idea. All of us recommend that straight away because this book has good vocabulary which could increase your knowledge in language, easy to understand, bit entertaining however delivering the information. The writer giving his/her effort to set every word into joy arrangement in writing Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) but doesn't forget the main point, giving the reader the hottest along with based confirm resource details that maybe you can be one among it. This great information may drawn you into brand-new stage of crucial contemplating.

Ruth Zimmer:

Are you kind of active person, only have 10 as well as 15 minute in your morning to upgrading your mind ability or thinking skill possibly analytical thinking? Then you have problem with the book compared to can satisfy your short time to read it because this all time you only find e-book that need more time to be learn. Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in

Computational Intelligence) can be your answer as it can be read by a person who have those short spare time problems.
