What's Up Kimosabe? *The Lone Ranger Rides Again!*

From 1949 through 1957, the Lone Ranger and his Indian partner Tonto rode the nation's airwaves keeping them safe and secure from all those who would threaten the peaceful and law abiding television-watching citizens of America. When the William Tell Overture came on and his faithful horse Silver reared up on his hind legs and the Ranger called out, "Hi-yo, Silver, away!" you knew one thing for sure: this week's bad guys were in for a royal rump thumping.

But there was another side to the Ranger that his loyal TV viewers - mainly boys between six and twelve - never got to see.

Return with us now to those thrilling days of yesteryear! From out of the past come the thundering hoof beats of the great horse Silver! The Lone Ranger rides again!

humor / satire / short fiction
