Improving Communication During Transitions of Care Joint Commission

Transitions of care may occur within organizations, between organizations, or between providers. Patients often undergo multiple transitions during a single episode of care as they are transferred between units or from one provider to another during shift changes. Improving Communication During Transitions of Care is designed to help organizations providing all types of health care services around the world coordinate and standardize communication during transitions across the continuum of care. The book's systematic and collaborative approach to improving communication compiles considerations based on evidence-based practices, guidelines, and strategies from organizations in the field. The book includes helpful tools and techniques as well as case studies illustrating initiatives implemented by health care organizations in a variety of settings and countries.
