Aspectos criminológicos en materia de seguridad vial (Spanish Edition) Félix Ríos Abréu

Podría definirse la criminología vial como una disciplina encaminada al estudio y prevención de los delitos contra la seguridad vial, y a la resolución de todo conflicto que surja tras un siniestro vial; actuando sobre los comportamientos delictivos o desviados dentro de las vías, a la restitución de la víctima a su estado original; haciendo hincapié en las formas de control social, tanto formal como informal y a la reacción social que causan los siniestros viales. Así, este manual explora a través de sus 21 capítulos y desde las diferentes vertientes aportadas por los autores que han contribuido a hacer posible este volumen, los diferentes aspectos que la criminología vial puede aportar en pro de la prevención, todo ello coordinado por el criminólogo, periodista y policía local Juan Antonio Carreras Espallardo.
