It's the final test for our favorite Freedom University Alums. Lives have been turned upside down as they left the comforts of campus life for the real world and all of the adventures that come with it. Although their lives have taken major turns changing the futures they dreamed of in college, life is good and relationships are strong.

Lena realizes how fast time flies when you are raising a child. It's been two years since she decided to take time away from all her drama to find herself and focus on the child she was carrying. But the present finds her staring at images of Denise, Hollywood's up and coming star and the love who got away. With her child away, Lena now has time to play. Will she finally move on to someone new, or truly go after the one she's wanted all along.

Denise has learned that there is more to Hollywood than fame and fortune. The dark side of fame rears its ugly face as Denise's star grows brighter and Farih's starts to dim. All eyes are on this "It" couple, including the eyes of Lena. With the past reappearing in her life, Denise finds herself torn between loving the one who has given her the real, stable relationship she's always wanted, and the chaotic love that her heart just doesn't want to let go of.

Cooley always knew she would be a force to be reckoned with in the entertainment industry; but never in a million years did she think she would be in a committed relationship, and happy. Now managing two of the hottest up and coming lesbian stars in the world, her life is right on track - until a secret comes out that could derail all she's worked for, and threaten her relationship and even more importantly, her friendships.

Misha pictured her life as a independent, jetsetter - not as a housewife, cooking, cleaning and running after a toddler. It's amazing what people are willing to give up for love. Watching her ex live the life she pictured for herself, the temptation to pursue her dreams and revisit the life she abandoned might just get the best of her.

Carmen wants one thing, the perfect "royal wedding" to the love of her life Nic. While her friends live fabulously in Atlanta, she's stuck in Memphis in a teaching job she despises. While Nic is perfectly happy with the average life they have created together, Carmen wants more. And her caviar wishes could destroy her relationship dreams.

The future is bright and sunny for the crew but there are storm clouds ahead filled with unfinished business from the past that could threaten all they have worked for in life and love. Their relationships and friendships have never been so vigorously tested. And as Carmen and Nic's wedding approaches, will skeletons in their closets wreck the worlds they have created, or will everything finally come full circle?
