ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

Introduction to Geography: People, Places, & Environment, Sixth Edition introduces the major tools, techniques, and methodological approaches of the discipline through new applied visual features that engage students and reinforce real-world connections.

The authors emphasize the integration of various aspects of geographic processes and systems by discussing what happens in one set of geographic processes and how that affects others. For example, what happens in economic systems affects environmental conditions; what happens to climate affects political dynamics. The **Sixth Edition** has been tightly integrated with MasteringGeography™, Pearson's online homework, tutorial, and assessment product designed to improve results by helping students quickly master concepts.
