My Name is Big (The Big Dog Diaries Book 1) Lazarus Lake

Here's what readers are saying about My Name is Big:

"I read this book quite by accident. A friend gave it to me and while I was eating lunch one day, I casually read the first few pages and was hooked by this big ugly dog's story. Anyone who is a dog lover will fall in love with Big." - Andrew C. Palmer

"A very quick (too quick!) read. I love Laz's style. If you are looking for one of those annoyingly cloying books about a cutesy dog, try something else. If you want gritty realism, try something else. If you want a delightfully droll read, then settle in for a very pleasant time. I'm going to make this my go-to book when gifting people who like animals." - Mary L. Herrick

"I had a hard time putting [the book] down. Written in a unique style, this is a book that dog people, runners, walkers, and everybody else with a heart will enjoy." - Harald Vaessin "HEFV"

Amazon.com Bestseller!

The big ugly dog had been abandoned and shot. Nearing the end, he crawled off into the woods to die. That is where I found him.

Having been taught as a child that it was wrong to leave animals to suffer, I took him to the house with no other intention than to see that he was humanely put out of his misery. Rather than the end of the big dog's adventures, it was only the beginning.

Fate had brought us together, destiny was determined to keep us that way. I kept thinking I had sent him away for the last time, but Big kept finding his way back. Even when his journey took him hundreds of miles away, somehow he always ended up at our little house in the woods.

He started out as "that big dog." He became "the Big Dog." There couldn't be a more appropriate name, for a Big Dog, with a Big Personality.

Lessons from the Big:

Lazarus Lake learned a lot between the day he first saw him, and the day when Big was finally accepted as a permanent member of the family. You can enjoy the adventure right along with him by following his journey in real time.

- He learned about not judging a book by its cover.
- He learned about the power of a positive attitude.
- He learned that a dog can have a sense of humor.

- Most important, he learned that a lot of love can hide inside a Big Dog as long as you give yourself a chance to see it.

WARNING: Don't forget to check the clock when you sit down with this book...each short chapter only takes a moment to read, but you can find yourself reading another and another and another before you know it because it's impossible not to get sucked into the story!
