Carolyn Frank

Ethnographic Eyes: A Teacher's Guide to Classroom Observation Carolyn Frank

Whether you realize it or not, there is a hidden side of classroom life: everyday practices so ordinary and so routine that they often become invisible. The challenge to classroom observers is to understand and reveal these implicit patterns. For Carolyn Frank, ethnography provides the perfect lens through which to view them.

Ethnographic Eyes extends ethnography beyond the work of university researchers and proves what an accessible and instructive observation tool it can be for inservice and preservice teachers. Frank draws on extensive experience in teacher education, demonstrating how ethnography can help you see beneath the surface of classroom life, gain new understanding of diversity, and recognize that difference can be a resource for community building. Along the way, you'll learn how to record, analyze, and represent the particular kind of classroom culture that is being created. You'll also discover how an ethnographic perspective can help you expand *your* cultural perspective and reflect critically on your practice.

Teachers who are interested in taking their own ethnographic journeys and better understanding their students and communities will find all the guidance they need in this book. Professors interested in using ethnography with their preservice teachers will particularly appreciate the book's theoretical framework and open-ended assignments.

From reader reviews:

Andrew Drake:

Book is written, printed, or illustrated for everything. You can realize everything you want by a e-book. Book has a different type. As we know that book is important matter to bring us around the world. Alongside that you can your reading proficiency was fluently. A e-book Ethnographic Eyes: A Teacher's Guide to Classroom Observation will make you to be smarter. You can feel a lot more confidence if you can know about every little thing. But some of you think which open or reading any book make you bored. It is not make you fun. Why they may be thought like that? Have you seeking best book or suitable book with you?

Arthur Pascual:

Information is provisions for people to get better life, information these days can get by anyone in everywhere. The information can be a know-how or any news even an issue. What people must be consider when those information which is from the former life are difficult to be find than now could be taking seriously which one works to believe or which one typically the resource are convinced. If you have the unstable resource then you buy it as your main information you will see huge disadvantage for you. All of those possibilities will not happen with you if you take Ethnographic Eyes: A Teacher's Guide to Classroom Observation as the daily resource information.

Patricia Nebeker:

Reading a publication tends to be new life style with this era globalization. With reading through you can get a lot of information that will give you benefit in your life. Having book everyone in this world can share their idea. Books can also inspire a lot of people. Plenty of author can inspire their reader with their story or maybe their experience. Not only the story that share in the publications. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors these days always try to improve their talent in writing, they also doing some investigation before they write on their book. One of them is this Ethnographic Eyes: A Teacher's Guide to Classroom Observation.

Valerie Orbison:

A lot of people always spent all their free time to vacation or go to the outside with them friends and family or their friend. Were you aware? Many a lot of people spent these people free time just watching TV, or playing video games all day long. If you want to try to find a new activity that is look different you can read some sort of book. It is really fun for you. If you enjoy the book which you read you can spent all day long to reading a guide. The book Ethnographic Eyes: A Teacher's Guide to Classroom Observation it is extremely good to read. There are a lot of people who recommended this book. They were enjoying reading this book. If you did not have enough space to bring this book you can buy the actual e-book. You can m0ore quickly to read this book from a smart phone. The price is not very costly but this book possesses high quality.
