ICD-10-CM Provider Documentation Guide - Group 4: Orthopedic, Neurology, Podiatry, Interventional Radiology, Pain Management, Physical Therapy, Behavioral Health, Radiology

InstaCode Institute

535 pages. The provider's documentation plays a critical role in the transition to ICD-10-CM. The higher specificity of ICD-10-CM may necessitate changes in the way a provider documents - usually the need for more specific information. InstaCode's ICD-10-CM Provider Documentation Guide™ books will help you and your providers master ICD-10-CM. Use as a quick study guide for some of the most common codes in your specialty. Keep them handy as a quick reference when documenting or coding. Ideal for weekly staff briefings and 5-minute trainings. Each Provider Documentation Guide, or "PDG" as we like to call them, starts with a familiar ICD-9-CM code and drills down into the related ICD-10-CM code showing the options at each code level or digit. Each level indicates the concept that needs to be documented (ex: type of disease, laterality, etc.). Relevant coding notes are included along with Includes, Excludes, Notes, Code Also, Use First and other coding guidelines from the tabular information. Provider Documentation Guide™ books contain at least 25 PDGs for each listed specialty. There are 9 PDG books each comprised of several related specialties.

John Lyons:

Do you one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Make an effort to pick one book that you never know the inside because don't judge book by its deal with may doesn't work at this point is difficult job because you are frightened that the inside maybe not because fantastic as in the outside search likes. Maybe you answer might be ICD-10-CM Provider Documentation Guide - Group 4: Orthopedic, Neurology, Podiatry, Interventional Radiology, Pain Management, Physical Therapy, Behavioral Health, Radiology why because the great cover that make you consider about the content will not disappoint you actually. The inside or content is usually fantastic as the outside or even cover. Your reading 6th sense will directly make suggestions to pick up this book.

Jennifer Evans:

As a scholar exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways

to reach Chinese's country. Therefore , this ICD-10-CM Provider Documentation Guide - Group 4: Orthopedic, Neurology, Podiatry, Interventional Radiology, Pain Management, Physical Therapy, Behavioral Health, Radiology can make you experience more interested to read.
