"Al Brooks is a trader's trader. He understands the focused energy it takes to be successful at trading and works long, hard hours in front of the computer screen to beat the markets. In his first trading book, he outlines, selflessly, his strategy step by step. A doctor and educator in his previous life, he uses his eye for detail and transfers lessons he learned in training himself on the art of trading to the written page. For those who are willing to delve into the details of day trading and dedicate the time and energy to do it seriously and most likely profitably, Al Brooks's book *Reading Price Charts Bar by Bar*, is a must-read."
