Simmel on Culture: Selected Writings (Published in association with Theory, Culture & Society)

Georg Simmel

The German sociologist and philosopher Georg Simmel (1858-1918) is recognized as a leading early twentieth-century European social theorist. This collection enables the reader to engage with the full range of Simmel's dazzling contributions to the study of culture. It opens with Simmel's basic essays on defining culture, its changes and its crisis. These are followed by more specific explorations of: the culture of face-to-face interactions; spatial and urban culture; leisure culture; the culture of money and commodities; the culture of belief; and the politics of female culture.

John Martin:

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some guide, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring in addition to can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Simmel on Culture: Selected Writings (Published in association with Theory, Culture & Society) can make you really feel more interested to read.
