Social Work and the Black Experience Elmer P. Martin, Joanne Mitchell Martin

Written in the African tradition of collaboration, *Social Work and the Black Experience* is the first book to incorporate the rich black spiritual and blues traditions for use in work with black individuals and families. The authors build on three concepts: moaning - black pain and grief; mourning - a collective effort to overcome grief; and morning - a new beginning. Students, faculty, and practitioners will find this an extraordinarily moving and useful reference. Special Features * Portrays the experiences of pioneer black social workers in the early 1940s * Focuses on the helping traditions of black people during the 'Great Migration'
