Life is a constant process of growth: evaluating what you've done, noting your mistakes, making the necessary adjustments, reevaluating, and starting all over again. Throughout this cycle, the “person” that can help you out the most is within you-your subconscious. In *The Subconscious*, author Felicia Drury Kliment brings to light the undiscovered aspects of the subconscious, considering why its judgment is wiser than that of the conscious mind and under what circumstances the subconscious is most likely to transmit its advice.

Sharing enlightening stories about how people have found ways to use their subconscious, this study seeks to help you

find your life's partner;
select the career you're meant for;
succeed in the workplace;
let you know when your fears are groundless;
improve your speaking and writing skills; and
do away with depression, anxiety, and obsessive compulsive disorders.

Kliment shares with the reader the amazing power of the subconscious and shows how you can open up your mind to take in all the inklings of advice it sends you, grasp their meaning, and then act upon them.
