Science of Ascension: A Study of The Absolute Lillian DeWaters

This book will inspire everyone who is seeking to experience the Kingdom. The author reveals progressive steps necessary for understanding her divine unfoldments and the enormous power behind her words which will help seekers grasp their deeper meaning. Consequently there is tremendous support to help the reader recognize his or her true Identity through numerous inner expansions, for a higher state of awareness. These expansions of awareness will lay the foundational understanding to reveal a “new Person” that out-pictures itself through an entirely new way of “seeing” this world. “One sees a universe of truth and love, of joyous splendor and ever-increasing glory. No suggestion of sin, of fear, of sickness or destruction is thought here.” When the message of this book is grasped, the reader will begin to think and speak almost with a new language. “Many words now reveal new meaning to him; for instance the word health.” Health will now be understood as being freely available to everyone and not something to be sought, but to be acknowledged—along with epiphanies and inner shifts that will likely occur. “One feels a great expansion—a freedom and an independence not known before.” As individuals continue to read and study “Science of Ascension” they become progressively convinced that the Kingdom in all of its glory is already here and visible now to those who “see” with “new eyes.” All those who have begun to “see” as the “new man” will recognize it as their own experience. “The presence of the One is seen, known, felt and understood.”
