The Lemoncholy Life of Annie Aster Scott Wilbanks

Annabelle Aster doesn't bow to convention-**not even that of space and time**-which makes the 1890s Kansas wheat field that has appeared in her modern-day San Francisco garden easy to accept. Even more peculiar is **Elsbeth, the truculent schoolmarm** who sends Annie letters through the mysterious brass mailbox perched on the picket fence that now divides their two worlds.

Annie and Elsbeth's search for an explanation to the **hiccup in the universe** linking their homes leads to an **unsettling discovery**-and potential disaster for both of them. Together they must **solve the mystery of what connects them** before one of them is convicted of a murder that has yet to happen...and yet somehow already did.
