Many say investing in Gold is safe. Many investors love gold and the precious metal was a strong winner in recent years. However gold surged in 2011 and so far was not able to hold onto those gains. Time will tell what gold will do but after reading this short ebook you will have a plan as a way to invest in gold. Gold is not all that it glitters at times. The goal of this ebook is to enlighten you and give you the tools when you should be invested in gold. Gold is like anything else. There are times to be invested and times to sit on the sidelines. I neither am a gold bug, inflation worrier nor fear monger. I am commodity trading advisor who has been investing and trading commodities since 1994. Gold is not a guaranteed protection, insurance against inflation, currency debasement, and nor a safe flight to global uncertainty.
