Is society ready for men who openly express femininity? Can men transcend gender lines and maintain their sense of self-worth and dignity? These are the questions asked to over 850 crossdressers worldwide in a survey used as the basis of this book. From an early age boys are taught to follow the stereotypes of maleness. When the inner desire to express femininity exerts a greater force than the desire to live up to the appropriate image for masculinity, conflict may develop. This provocative book addresses these conflicts and provides solutions.
