Indian Diaspora and Transnationalism

Indian Diaspora and Transnationalism

The present study of transnationalism was born out of observations that migrants no longer simply cross borders to live elsewhere, but regularly turn this 'crossing borders' into a lifestyle of its own. This book not only presents an important overview of transnationalism in India, but also acts as an important source of inspiration to think beyond the concept and the way it has been studied so far. The book will be useful to students and researchers working in the areas of Indian diaspora and transnationalism.
