Management of Education in the Information Age: The Role of ICT (IFIP Advances in Information and Communication Technology)

Management of Education in the Information Age: The Role of ICT (IFIP Advances in Information and Communication Technology)

This volume presents findings and insights from contemporary thinking and research on the application of Information Technology in Educational Management. It analyzes the ways in which ICT has been used, across a range of educational institutions, to support various aspects of educational management. It is the latest in a series of books produced by IFIP Working Group 3.7.
