For the first time ever, *Transformers Vault* reveals the complete story of the Transformers, everyone's favorite robots in disguise. Loaded with never-before-seen images, this book is a guide to the epic battle between the Autobots and Decepticons, as it began with toys and television, and continued to comics, film, games, and other media. There's something here for all generations, from classic toys that have become sought-after collectibles to the amazing, high-tech visuals of the three live-action films.

Hasbro has opened its official archives, gathering more than 250 images and several featured pieces of memorabilia. Exclusive photos of Japanese Transformer prototypes, archival development art, and brand-new information about the future of the Transformers make this the ultimate package for every fan.
