Conservatism: An Anthology of Social and Political Thought From David Hume to the Present

Conservatism: An Anthology of Social and Political Thought From David Hume to the Present

At a time when the label "conservative" is indiscriminately applied to fundamentalists, populists, libertarians, fascists, and the advocates of one or another orthodoxy, this volume offers a nuanced and historically informed presentation of what is distinctive about conservative social and political thought. It is an anthology with an argument, locating the origins of modern conservatism within the Enlightenment and distinguishing between conservatism and orthodoxy. Bringing together important specimens of European and American conservative social and political analysis from the mid-eighteenth century through our own day, *Conservatism* demonstrates that while the particular institutions that conservatives have sought to conserve have varied, there are characteristic features of conservative argument that recur over time and across national borders.

The book proceeds chronologically through the following sections: Enlightenment Conservatism (David Hume, Edmund Burke, and Justus Möser), The Critique of Revolution (Burke, Louis de Bonald, Joseph de Maistre, James Madison, and Rufus Choate), Authority (Matthew Arnold, James Fitzjames Stephen), Inequality (W. H. Mallock, Joseph A. Schumpeter), The Critique of Good Intentions (William Graham Sumner), War (T. E. Hulme), Democracy (Carl Schmitt, Schumpeter), The Limits of Rationalism (Winston Churchill, Michael Oakeshott, Friedrich Hayek, Edward Banfield), The Critique of Social and Cultural Emancipation (Irving Kristol, Peter Berger and Richard John Neuhaus, Hermann Lübbe), and Between Social Science and Cultural Criticism (Arnold Gehlen, Philip Rieff). The book contains an afterword on recurrent tensions and dilemmas of conservative thought.
