Cuatro siglos del periodismo en Espana / Four Centuries of Journalism in Spain: De los avisos a los periodicos digitales / Of Announcements to Digital newspapers (Spanish Edition) Maria Cruz Seoane, Maria Dolores Saiz

Este manual, que incorpora las últimas investigaciones sobre la material, es una excelente síntesis de la historia del periodismo en España, que puede ser un instrument útil para estudiantes y profesores de Ciencias de la Información. Pero interesará también a historiadores de otras parcelas, a periodistas que deseen conocer los antecedentes de su medio professional y a simples lectores con curiosidad en estos temas. El libro recorre los cuatro siglos de historia que anuncia su título, desde las primeras noticias manuscritas o impresas en el siglo XVII, hasta el momento actual en el que el periodismo electrónico amenaza, según los más agoreros, con la desaparición el periódico en papel. Existencia que ya se consider amenazada con la aparición de la radio y la television. Esta síntesis no excluye un tratamiento riguroso y en profundidad, y atiende en cada época, en la medida en que nos son conocidos, a todos los factores sociales, politicos y tecnológicos que condicionan a los medios. Sin olvidar el perfil de quienes se dedican a informar o a adoctrinar a sus conciudadanos y el public al que se dirigen.
