‘Are you coming in?’ I ask, using my thumbs to play with the straps, squeezing my breasts between my arms.

‘Are you serious’ Kai asks, his voice has a whiney quality I hadn’t noticed before. I roll my eyes, fed up with their timidity I extend my arms and free my breasts from my black suit. I look down and admire them before admiring the stunned faces of my colleagues. Francis turns away, Kai’s jaw drops, his eyes widen.

‘Oh for gods sake’ I roll the suit over my hips. Still dry it comes off easily and I hook a shoulder strap on a brass hook next to my towel.

‘Like I said earlier’ scolding them wearing nothing but my new tan their eyes almost pop from their heads, ‘grow a pair.’ I push the door and stroll into the steam room to what I hope are admiring glances.

The room has a tiered set of stone benches on the left and a single bench on the right. At the far end I can make out the stone work of an old fashioned fountain. I pad towards the tiered benches and see Kurt talking softly to Gerta. She is more shapely than I had expected. Sitting with a straight back she thrusts her breasts out. My eyes are drawn from her perfect form to Kurt’s groin, intrigued to see the member of the man who had been dragging out my time in Munich so intolerably.

I am nicely surprised. No doubt the heat and moisture have provided the perfect environment and his cock hangs well over the edge of the carved stone. I flick my gaze up as he greets me.

‘Gutten tag’ he smiles. ‘Would you like the top bench?’

I nod and he stands to let me climb up. I lie back, conscious for a moment about my breasts and their drift towards my armpits. It doesn’t last long. Through the haze I can see all shapes and sizes. A fifty something couple are talking quietly opposite and a group of twenty something boys sit below me trying not to look up. After ten minutes or so my mind has drifted away from the work issues. The sweat has started to build and I rub my hands along my body, caressing my chest and belly. The door goes again and I lean up, expecting to see my two cowardly workmates. But instead a group of younger women walk in laughing. A few of the already seated men say gutten tag and stand, Kurt is one. He looks up at me.

‘Shall I show you the Sauna and pool?’ he asks.

I have lost all my inhibitions by this point and I swing my legs over the stone bench and take the hand he offers me. He is a well built man. His stocky midsection the result of too many beers the rest looks in good shape, especially his cock which looks even larger now he has stood. Huge round balls hang low behind a circumcised length of six inches or more.

He follows Gerta out into the ante chamber where we grab our towels. I half expect to see Francis and Kai still stood there in their oversized board shorts. Gerta wraps her towel around herself and I follow suit. Some of the men do the same, some sling them over their shoulders. Half a dozen of us walk into the main rotunda of the roman bath.

Under a decorated dome sits a wide circular pool. Steps lead into one side on which sit naked bathers, some talking, some simply sitting and staring, contemplating. To the left and right are open showers where the steam bathers are walking.

Kurt talks to me in hushed tones.

‘In Germany you behave in the bath as you would behave in church’ you shower before and after a sauna or a steam’ As if to demonstrate he discards his towel and places it on a stone shelf to one side of the wide communal shower. I hesitate but then do the same, walking to the showerhead next to Gerta who smiles at me as I fumble with the taps.

‘Here’ she puts her hand over mine, ‘otherwise it is too cold.’ The tap turns and warm water flows over me. She steps under the large rain shower head with me and giggles.

‘This your first naked sauna?’ she asks

‘Yes’

‘You see you take to it like a local’ she smiles. Shorter than me by an inch or two she looks positively elven. Her short hair and slim features coupled wit
