Modern Auditing & Assurance Services Gurdarshan S. Gill

Auditing services are changing rapidly in response to growing public expectations of accountability, and as a result of the increasing economic and technological complexities in the commercial, government and non-government sectors. The professional role and value of the auditor is becoming more diverse. Increasingly, an auditor delivers valuable financial services to enhance the efficiency and profitability of the business, offers insights into future financial and investment decisions and improves shareholder value. Modern Auditing and Assurance Services 6th edition presents a thorough coverage of the auditing process and documents the shift in the profession to incorporate assurance services. The text has been substantially revised to ensure that the material is clearly expressed and representative of professional practice and issues.
