The art of decorating the body with tattoos dates back as early as the Ice Age. Although the use of tattoos among indigenous peoples is waning, the practice lives on, as more and more people around the world discover body art. Peoples from Central Asia and America, tribes and nomads from North Africa and the Middle East, and the Australian Aborigines and Maories have a long tradition of practicing this art. Each design in this pack is unique and carries its own special meaning, whether as religious symbol, talisman, charm, indicator of status or position, or simply an adornment. The Tribal Tattoo Pack includes instructions and materials to create spectacular tribal designs, including four paints in vibrant, earthy colors, transfer sheets, brush, and instructions. The meanings and myths behind the patterns are clearly explained in the history of this fascinating art.
