Volume I. UFOs: MARIA ORSIC, THE WOMAN WHO ORIGINATED AND CREATED EARTH'S FIRST UFOS

This book is available in paperback at lulu.com.

Maria Orsic, the most important personality in ufology's history.

Everything began with Maria Orsic's metaphysical (Occult, channeling and mediumship) movement. The UFO phenomenon and saga, the first contacts with aliens from extraordinarily advanced civilizations beyond our solar system, and extraterrestrials' messages, all started with an occult-metaphysical-mysticism-psychical movement created by Maria Orsic, a medium and founder of the Vrilerinnen (The Vriler Society), and based upon messages she claimed she received from extraterrestrials from Aldebaran (Alpha Tauri), which contained technical data and precise instructions on how to build a super "Out of this World" flying machine (UFO). But of course everything changed as soon as the SS took control of the metaphysical efforts of Orsic and her associates. And the macabre episode ended with the SS senior officers slaughtering 60 German scientists who were working on the final prototypes of the Bell UFO, when they became convinced that Germany has lost the war.

Fearing that their UFO technology will fall into the hands of the Red Army, SS officers shot the leading engineers. And those who managed to escape, just 3 days before the Russian troops entered Berlin, vanished from the face of the earth, taking with them the most important documents and blueprints of the last versions of their Bell-UFOs, stealth supersonic bombers, jet-fighters, and other secret miracle-weapons.

But the greatest, most unique and most formidable person in all these scenarios, Germany's UFOs saga, and the history of ufology and extraterrestrials' contacts was and still is Maria Orsic.

Maria was an extraordinary woman on so many levels!
