George Washington Sears

Woodcraft (Illustrated): by Nessmuk George Washington Sears

I have found two other Kindle versions of this book on Amazon; one is free, but it's text only - no illustrations. The other seems to have only about 70 pages, and the graphics look quite odd. - see for yourself - do a "Look Inside" and compare for yourself. I believe this one to be far superior to the others.

This edition has been meticulously transposed for Kindle from the 1920 edition, with many illustrations. This version also has an Active Table of Contents, and List of Illustrations.

A fabulous read and an education in itself, George Washington Sears, aka, Nessmuk, takes the reader through all stages of camping, e.g., preparation, building a good fire, cooking, fishing, tent building, safety, etc. etc. All kinds of personal stories are woven into the fabric, to make reading a real pleasure.

Many of these skills have been lost to modern man because of "advances" in technology. Among these pages you will find the nuggets of knowledge that will serve you long after your batteries have run out:)
