Prevent and manage wounds with this expert, all-inclusive resource! **Acute & Chronic Wounds: Current Management Concepts, 5th Edition** provides the latest diagnostic and treatment guidelines to help you provide quality care for patients with wounds. This textbook presents an interprofessional approach to maintaining skin integrity and managing the numerous types of skin damage including topics that range from the physiology of wound healing, general principles of wound management, vulnerable patient populations, management of percutaneous tubes, and specific care instructions to program development. Written by respected nursing educators Ruth Bryant and Denise Nix, this bestselling reference also provides excellent preparation for all wound certification exams.

- **A comprehensive approach** to the care of patients with acute and chronic wounds guides students and health care providers to design, deliver and evaluate quality skin and wound care in a systematic fashion; the comprehensive approach includes the latest advances in diagnosis, differentiation of wound types, nutrition, prevention, treatment, and pharmacology.
- **Self-assessment questions and answers** in each chapter help you assess your knowledge and prepare for all wound certification exams.
- **Checklists** offer a concise, easy-to-read summary of the steps needed to achieve the best patient care outcomes.
- **Risk assessment scales** help in determining a patient's risk for developing a wound, and wound classification tools identify the proper terminology to be used in documentation.
- **Learning objectives** at the beginning of each chapter focus your study on the most important content.
- **Principles for practice development** boost outcomes and productivity in agencies and institutions, home care, acute care, long-term care, and long-term acute care settings.
- **NEW coverage** includes the latest guidelines from WOCN, AAWC, NPUAP, EPUAP, and PPPIA, and the American College of Physicians.
- **New sections** cover the prevention and management of biofilm, the new skin tear classification system, MASD and MARCI, CTP terminology and classification scheme, and integration of the Health Belief Model.
- **NEW! Additional full-color photographs** show the differential diagnosis of types of skin damage, management of fistulas, and NPWT procedures.
- **NEW! Clinical Consult features** help in applying concepts to clinical practice, showing students and health care professionals how to assess, manage, and document real-life patient and staff encounters using the ADPIE framework.
- **NEW two-color illustrations and design** make the book more visually appealing.

From reader reviews:

Michael Cooke:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each reserve has different aim or maybe goal; it means that e-book has different type. Some people sense enjoy to spend their a chance to read a book. They can be reading whatever they have because their hobby is definitely reading a book. How about the person who don't like studying a book? Sometime, individual feel need book after they found difficult problem or perhaps exercise. Well, probably you'll have this Acute and Chronic Wounds: Current Management Concepts, 5e.

Curtis Dugan:

As people who live in the modest era should be revise about what going on or facts even knowledge to make these people keep up with the era which is always change and progress. Some of you maybe can update themselves by looking at books. It is a good choice to suit your needs but the problems coming to an individual is you don't know which you should start with. This Acute and Chronic Wounds: Current Management Concepts, 5e is our recommendation to cause you to keep up with the world. Why, because book serves what you want and wish in this era.

Willie McCall:

Reading a guide tends to be new life style in this era globalization. With studying you can get a lot of information which will give you benefit in your life. With book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Plenty of author can inspire their own reader with their story or even their experience. Not only situation that share in the publications. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors in this world always try to improve their skill in writing, they also doing some analysis before they write to their book. One of them is this Acute and Chronic Wounds: Current Management Concepts, 5e.

Nancy Williams:

What is your hobby? Have you heard in which question when you got college students? We believe that that problem was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. And you know that little person including reading or as reading become their hobby. You must know that reading is very important in addition to book as to be the factor. Book is important thing to include you knowledge, except your own teacher or lecturer. You get good news or update with regards to something by book. Many kinds of books that can you choose to use be your object. One of them is actually Acute and Chronic Wounds: Current Management Concepts, 5e.
