## Looking at Liberty Harvey Stevenson

Who is she?

Where did she come from?

How was she made?

1869 -- from the drawing board of the French sculptor Frederic-Auguste Bartholdi, a vision comes to life in the form of a grand monument honoring the friendship between France and America and the principle of liberty that binds them together.

This is a story of the determination and energy of the many who believed in this vision and collaborated to build what became an inspiration to millions. From the earliest sketches to her glorious stand as a universal symbol of freedom, follow the statue's journey from the dusty ateliers of Paris, across the Atlantic, to her celebrated arrival in New York.

Through poignant verse and dramatic paintings, Harvey Stevenson tells the timeless tale behind America's most celebrated symbol of democracy -- the Statue of Liberty.
