The Other Side of God: The Eleven Gem Odyssey of Being (Psychological Crisis, Personal Growth and Transformation, Altered States, Alternate Realities, Internal Balance) (Other Side Series Book 1)

Susan D. Kalior

Journey into yourself in this enlightening adventure into the human psyche and metaphysical realities in Book One of the "Other Side" series. The reader is catalyzed into a personal journey as the pages are turned, inviting a meditative experience to expand awareness, deepen self-appreciation, ease personal pain, heal psychological wounds, and bring one into a more fruitful life experience. Packed with cutting-edge metaphysical insights, new age concepts, and powerful psychological understandings, this story further sheds light on the human cycle, the earth, and mystical dimensions.

A sage known as the Fool on the Hill guides a struggling woman into herself and frees her into the quintessential meaning of life beyond social perception and conventional belief systems. The adventure begins when she crosses into where perceptions of reality are born, then into the land of dreams where she meets her nature. Her exploration continues in the lake of self-image where she fights for her authenticity, the zone of internal balance where she learns to be centered in herself, the desert of loneliness where she strives for independence, and the cave of strife where she beholds the importance of chaos. She struggles to traverse the minefields of love without surrendering herself to another, to make peace with her personal demons in the tunnel of confrontation, to find out who she really is in the house of illusions, and come into who she must be in the realm of earth-shaking transitions. Her journey concludes in the skies of synchronicity where self-understanding flourishes and insights abound. This manuscript is a tribute to the inner sage in us all.

Excerpt:

Sometimes it's okay to black out. Sometimes you have to feel immobilized, or be torn apart, or go insane. Sometimes you're just not perfect, or right, or strong enough. I didn't know it then, but on the deepest levels, there is no failure. Ever. The human struggle is noble and beautiful, and much to be admired. Oh, behold your personal struggle and pledge allegiance to your dear beautiful self. Let all else fall away. Jump into your being. Sink, down, down, down, and rise high, high, high. Melt and resurrect. There is only one truth. And that is you.
